

SK RIJWAN

Full Stack Developer | MERN Stack | Software Engineer

Kolkata, India | rijwansk329@gmail.com | 9635013952 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Full Stack Developer with hands-on experience across the MERN stack, SQL, and REST API development, including payment gateway and cloud deployment integrations. Skilled in building and deploying scalable, production-ready web applications on Vercel, Render, and Hostinger. Track record of delivering client projects and placing in top positions at university hackathons.

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, MongoDB, SQL, JWT

Tools & Platforms: Git, GitHub, Vercel, Netlify, Render, Railway, Hostinger, Postman, Cloudinary, Socket.IO, Razorpay, Google Apps Script, SEO Optimization

WORK EXPERIENCE

Full Stack Developer Intern — AddaLove Pvt. Ltd.

Aug 2026 – Present

- Building a scalable full-stack application with an optimized frontend, backend, database, authentication, and clean architecture.
- Optimizing for production with responsive UI, security, performance, API optimization, testing, and maintainable code.
- Deploying on Hostinger with domain configuration, SSL, CI/CD, and complete documentation.

Technical Support Intern — BitNextro Solution Pvt. Ltd.

Jan 2026 – Jul 2026

- Developed SEO-optimized full-stack web applications with dynamic content management systems and responsive user interfaces.
- Built scalable admin dashboards for ticket management, employee activity tracking, and real-time location tracking using Socket.IO.
- Deployed and maintained production-ready applications on Vercel and Render for real-world clients.

PROJECTS

DevMate — MERN Stack

Mar 2026 – Jul 2026

- Built a full-stack collaboration platform helping students and developers find teammates for hackathons and software projects.
- Implemented JWT authentication, profile management, Cloudinary image uploads, application tracking, and applicant management dashboards using MongoDB aggregation pipelines and REST APIs.

Smart Canteen — MERN Stack, Gemini API

Jan 2025 – Mar 2025

- Developed a web application for browsing menus, placing online food orders, and tracking order status in real time.
- Integrated Razorpay payment gateway for secure payments and built order management, authentication, and RESTful APIs.

EDUCATION

Bachelor of Computer Application — Brainware University

2024 – 2027

CGPA: 8.5

Higher Secondary (Pure Science) — Raina Swami Bholananda Vidyayatan

2022 – 2024

Percentage: 83%

ACHIEVEMENTS

- Secured 4th place in Dev Innov18+ Hackathon (2024), competing against senior teams in MERN stack solutions.
- Secured 1st place in PosterInnoveture Hackathon (2025) for an innovative startup concept.
- Participated in 5+ hackathons, building full-stack solutions under time-bound, competitive settings.
- Organized 3 hackathons and coding competitions, managing event logistics, judging criteria, and participant coordination.
